June 16, 2020

Dear Customer:

Thank you for your inquiry into the expiration dating of PURELL® Advanced Hand Sanitizer. PURELL® Advanced Hand Sanitizer is regulated by the U.S. Food and Drug Administration (FDA) as an Over-the-Counter (OTC) drug product and GOJO follows FDA regulations regarding the issuance of expiration dating. Our customers can be assured of the product's safety and efficacy through the expiration date printed on the package.

The expiration date of PURELL® hand sanitizer is determined through product "stability" testing, and our products are typically labeled with an expiration date of 3 years from the date of manufacture. The products are best if used by that date. However, based on the stability data for various PURELL® Advanced Hand Sanitizer products, we can state the products and lot numbers listed on the following pages are safe and efficacious for additional time, not to extend more than 60 months from the date of manufacture. If you have questions about your specific product expiry, please contact us at StabilityExpiryRequest@GOJO.COM and provide the product SKU and Lot #.

Should you have additional questions, please contact us at or 330-255-6000.

Stay well,

A handwritten signature in cursive script that reads "Chris Havanas".
